

## Online information invoice processing software

Streamline research charge processing and improve cost visibility

## Why SmartRecharge?

Drastically reduce time spent processing monthly vendor invoices

Simplified common recharge process across multiple vendors

Improve charge visibility through automated notifications - to library, attorneys and partners

Improve library profile through increased communication and proactive management

Reduce time taken to produce management reports

Targeted partner management reports

Alert library managers to excessive spending patterns

Improved charge description on client bills

Reduce instances of posting charges to closed matters

Global Market Leader in Enterprise Subscription Management
